- ☐ Paint Brushes

A. TERRACOTTA DIYAS AND GULLAK

These items are made of natural mud terracotta.

Step 1 – Soak
Soak the terracotta diya and piggy bank in clean water for approximately 30 minutes.

Step 2 – Drain
Remove them from the water and allow excess water to drain.

Step 3 – Dry
Keep them in a well-ventilated area for approximately 6 hours to dry.

Step 4 – Check
Ensure they are completely dry before beginning to paint. If they still feel damp, allow additional drying time.

Step 5 – Create
Once dry, start painting and decorating them using the colours and materials provided in the kit.

B. OTHER PAINTING ITEMS

NO SOAKING NEEDED

Other items provided in the kit can be painted directly without soaking.

1. Ensure the surface is clean and dry.
2. Use the provided colours and painting materials.
3. Allow sufficient time for the paint to dry before handling or packing the finished items.
